

# the destination

## what you need to know

*weddings are not one-size-fits-all. they aren't even one-size-fits-most. every wedding is as unique and special as the love it celebrates. that's why we start with the minimum number of hours we believe it takes to capture a love story and let you build from there. we'll work with you to add on hours, shooters, a photobooth, spoken guestbook, extended cut videos, and more.*

### *the destination*

*the details* // the destination includes a base of ten hours of wedding day coverage with one photographer and one videographer. we also include two hours of rehearsal dinner or welcome party coverage, complimentary. the destination always includes establishing shots, getting ready photos, ceremony, and reception. you are welcome to add on hours, shooters, and anything else to make your dreams a reality. have a next-day excursion planned? we're here for it. a packed wedding week? we'll document the entire thing. you let us know your plans, and we'll make your dreams a reality.

*what you get* // you receive 900+ color and black and white images, delivered in high resolution via an online gallery within ten weeks. you will also receive a six-eight-minute highlight video in the same timeframe. we always deliver a sneak peek in the first seven days. this includes 10-15 photos and a 30-45 second teaser!

ps. longer, multi-day events will always result in more photos and longer videos. we'll chat about that in person!

**photo + video packages are all-inclusive and customized based on region**

### *add-ons*

*hours* // additional hours available. primary photo + video must be booked together.

*shooters* // additional shooters are available for 8 hours per additional shooter.

*extended cut video* // full length video available of select events throughout day. for example, ceremony, speeches, parent dances, cultural traditions.

*extended drone coverage* // independent shooter dedicated to capturing aerial shots of the day.

*spoken guestbook* // reception guestbook station for attendees to share their well-wishes, reflect on stories from your past, and give their best advice for your future. we'll edit a final cut of each audio signature over footage of your day.

*photobooth* // our photobooth is free-standing, mirrored, and comes with green screen options. meaning you'll use it in open space, see your reflection as you pose, and include large groups. unlimited digital and physical prints available.
